ABOUT US

Concrete Cutting International has been in business since 1973 and is one of the oldest companies in southern California, providing services to both private and public sectors. CCI provides comprehensive range of services to industrial and commercial companies, medical and educational institutions, banking, transportation agencies, utilities and government agencies. Many of our clients are engaged in national industries, including manufacturing, health care, oil and gas development.

SERVICES

CORE DRILLING

We are capable of drilling holes from 1/2 " diameter up 48 " in diameter.
